PROFESSIONAL SUMMARY

Front-End Developer with experience developing responsive websites for clients and building interactive web applications using HTML, CSS, and JavaScript. Passionate about creating engaging user experiences, writing clean and maintainable code, and transforming creative ideas into functional interfaces.

Currently pursuing a degree in Medicine at the University of Buenos Aires, bringing strong analytical thinking, attention to detail, and problem-solving skills to technical work. Seeking opportunities as a Front-End Developer or AI Trainer where I can apply my technical and analytical skills while continuing to grow professionally.

SKILLS

Languages

- HTML5
- CSS3
- JavaScript

Tools

- Git
- GitHub
- Visual Studio Code

Concepts

- Responsive Web Design
- Semantic HTML
- Cross-Browser Compatibility

2023 - 2024

UNIVERSITY OF BUENOS AIRES

Medicine
In progress

LANGUAGES

- Spanish — Native
- English — Professional Working Proficiency

Selected Project

Windows XP Portfolio

Designed and developed from scratch an interactive portfolio inspired by the Windows XP desktop experience. The application features draggable desktop icons, interactive windows, a functional taskbar, desktop-inspired navigation, and custom UI components, demonstrating JavaScript fundamentals, DOM manipulation, responsive design, and user interface development.

Built with: HTML5, CSS3, JavaScript

Additional Projects

Dental Clinic Landing Page

Designed and developed a responsive landing page for a dental clinic, focusing on accessibility, clean design, and an intuitive user experience.

Built with: HTML5, CSS3, JavaScript

[Live Demo](#)

E-commerce Website

Developed a front-end e-commerce application with product listings, shopping cart functionality, and dynamic interactions using JavaScript.

Built with: HTML5, CSS3, JavaScript

[Live Demo](#)

Kuromi Merchandise Landing Page

Designed and developed a responsive landing page for a fictional merchandise store inspired by Kuromi, emphasizing modern layouts, responsive design, and visual consistency.

Built with: HTML5, CSS3
